Sustainable cities

“The battle for sustainable development will be won or lost in cities”

Ban Ki-moon (2012)
Solutions

- Crowd shipping
- Drones & self-driving vehicles
- Small eco vehicles

Mission

*Delivering happiness into the urban future*
Logistic solution

We receive the goods from different clients at the outskirt of the city

We consolidate the goods before we sort them in different trips and vehicles with our IT system

The goods are delivered in time slots to optimise successful first deliveries and signed on smartphones
First and last-mile deliveries in city centers.

Bubble Post takes care of chilled and dry goods with small, fast and green vehicles.
